

A reassuringly dull description

UK/EU Representative

The UK/EU Representative service is offered in two forms:

- * UK Representative
- * EU Representative

EU Representative

Suitable for organisations that:

- * Are based in the UK;
- * Have no offices, branches or other establishments in the EEA; but
- * Offer goods or services to individuals in the EEA or monitor the behaviour of individuals in the EEA.

Norm. will:

- * Act on your behalf with the relevant data protection regulatory authorities
- * Be named in your privacy policy as a point of contact in the EU
- * Maintain a record of your EU processing activities.
- * Dedicate time to understand your personal data processing activities and your approach to compliance in the EU.
- * Keep in touch with you so you are up-to-date with respective changes to EU rules on personal data processing.
- * Ensure you are compliant with Article 27 of the EU GDPR.

Service Coverage

Monday-Friday 9:00-17:30 UK, excluding public holidays.

Service requests must be logged by email to support@normcyber.com, or by calling **+44 (0) 203 855 6215**. Requests will be responded to within one working day.

You will be required to:

- * Ensure **norm.'s** contact details as your EU representative are easily accessible to your customers and other data subjects.
- * Update your privacy notice.
- * Designate a contact within your organisation to liaise with **norm.** as required.
- * Provide **norm.** with an up-to-date record of your UK processing activities and updates to ensure we hold an accurate version at all times.

Outcome and Benefits

- * Practical and cost-effective solution for EU GDPR compliance; and
- * Access to an independent EU Representative, avoiding potential conflicts of interest; led by
- * A qualified solicitor with expertise in data protection law & practice.
